Attention Sprinkler Contractors,

Starting July 1st, 2018 Woodside Fire Protection District will be enforcing the new requirement implemented by the Office of the State Fire Marshal that at least one fitter per job site must have their certification card and it must be submitted with the initial sprinkler plans. This covers any commercial or residential occupancy's that has more than three dwelling units up to, and including, four stories in height.

As of January 1st, 2019, WFPD will be enforcing the requirement that all fitters must possess a certification card, along with trainees and apprentices will possess a registration card when working on any job site. All certification and registration cards must be submitted with the fire sprinkler plans differed submittal. Any contractors not abiding by these new requirements could potentially have a stop work order placed on their project or have their plans revoked during the processing phase.

Thank you for your cooperation,
Woodside Fire Prevention Bureau
